Submission Date	30th October 2022

3) Write a flask program which should display resume details and also have upload resume option

by using file uploading.

```
from urllib import request

from flask import Flask

from flask import request

from flask import render_template

from flask import send_file

app = Flask(__name__)

@app.route('/', methods = ['GET', 'POST'])
def home():
    if request.method == 'GET':
        return render_template('Q3.html')
    else:
        f = request.files['file']
        f.save('path')
        return send_file('resume', mimetype='application/pdf')

if __name__ == '__main__':
    app.run(debug = True)
```

Q3.html

```html
<html>
<style>
    body {
        margin: 100px;
        font-size: 16px;
        line-height: 1.8em;
        background-color: beige;
        background-size: cover;
        background-position: fixed;
        font-weight: bold;
        text-align: center;

    }

    form {
        background-color: white;
        padding: 35px;
        width: 20vw;
        margin-left: 32vw;

    }
</style>

<head>
    <title>
        Assignment2-3
    </title>
```

```html
</head>

<body>
  <h1> CV_202205312137012 </h1>
  <form action="http://127.0.0.1:5000" method="POST" enctype="multipart/form-data">
    <input type="file" name="file" />
    <input type="submit" value="Upload">
  </form>
</body>

</html>
```
